Naples St

Cordova St

Sickles Ave

Mission St

Lowell St

CONSENSUS

- "I support it"
- "I can live with it"
- "I have a principled block"
- Voting – 2/3 majority, if needed
- Any member of working group can call for vote

Voting – If needed

- After 10 minutes of discussion, we can call for a vote. This consists of 2 steps:
  - #1: Affirming to vote on the strategy. 2/3 majority needed to vote.
  - #2: Vote to approve the strategy (as stated or amended). 2/3 majority needed for "full working group support".

- "Majority" is based on the number of working group members present.

Dot Activity

- Temperature Check
- Review the items.
  - Read silently or engage with others.
- **Decide where to place your dot**
  - Support: **Green**
  - Could support: **Orange**
  - Do not support: **Red**
- **Staff dots** are small and green
- Please only **1 dot per item**
- Try not to skip, if you can

- **Purpose:** Understand items discussed in subgroups.
- **Next**
  - Work from items with the most support to the least support.
  - Discuss
  - Determine if there is consensus to recommend, not recommend, or to learn more.

Example

- Develop a public realm plan has:
  - 20 support dots
  - 5 maybe dots
  - 3 do not support dots
- Discussion
  - Can anyone from public realm speak to why this strategy was supported?
  - Can anyone who did not support this describe why?
  - What about those who wanted to learn more?

- Use Fist to Five to Assess Consensus
- Record

– "Fist to Five" consensus when group decisions are needed

- Fist   A no vote
- 1 Finger   I still need to discuss it and suggest changes
- 2 Fingers I am comfortable with it but want to discuss minor issues
- 3 Fingers I'm not in total agreement but don't need to discus further
- 4 Fingers I think it's a good idea/decision and will work for it
- 5 Fingers It's a great idea and I will be a leader
